i-tec USB 3.0 HD Video Docking Station, 1x DVI, Full HD+ 2048x1152, Gigabit Ethernet, 2x USB 3.0 port (of which 1x USB 3.0 charging port with BC 1.2 also for tablets), 4x USB 2.0 port, audio output, microphone input, for notebook ultrabook, tablet with Win 8.0 and newer

### PRODUCT DESCRIPTION

The ADVANCE Series is the highest level of i-tec accessories bringing you the cutting edge technologies of products with a modern design and exclusive packaging.

i-tec USB 3.0 docking station is equipped with graphics output DVI-I which can be used mainly for connection to professional monitors supporting the highest resolutions. The graphics chip supports Full HD+ resolution (2048 x 1152 pixels) and thanks to the dedicated graphics controller the docking station does not load your notebook, tablet or PC. Enjoy big screen experience from movies, streaming media, presentations, and websites, etc. The docking station also offers an audio input/output, a gigabit network card, two USB 3.0 ports and four USB 2.0 ports. Port USB 3.0 Fast can be used for charging of USB devices such as mobile phones, tablets, cameras etc.

It offers higher flexibility to the users because it does not depend on the notebook platform. Furthermore, the product features a compact and elegant design developed in accordance with the ultrabook series. It is compatible with USB 2.0 equipment, it can be used with all tablets with Windows 8 and with installed drivers version 7.2 M0 or higher. This universal docking station will significantly increase the comfort of using your notebook, tablet or PC. It will allow easy and fast connection of your favourite pieces of hardware such as a keyboard, mouse, external disk, printer, an audio system, internet modem, another monitor, etc. by a single USB 3.0 cable (One-Touch-System). This way you will avoid perpetual connecting and disconnecting of these pieces of hardware whenever you carry your notebook or tablet with you. Another advantage is better organization of your desktop and removal of the unorganized clutter of cables.
